**contact us!**

**Academic Integrity Office**

The Academic Integrity Office handles academic integrity reports and shepherds the process for both students and faculty. The AIO has a Virtual Front Desk where you can ask any questions about policy, process or AI in general.

**AS Advocates**

AS Advocates are part of a student-led office to help you understand the AI process, help with your statement & documentation, appeals, and can also accompany students to reviews. Book an appointment with an AS Advocate here and check out our website for more information.
